

5th Wall Studio is accepting a limited amount of rentals and private/semi-private sessions at this time. Soon, we will send out a studio newsletter with more info. But for now, we're doing our best to return to normal like everyone else. We've tried to move slow and steady to keep things extra safe due to our intimate home/studio vibe, but the time has come to follow suit and begin the return to a more normal way of operating.

**EFFECTIVE IMMEDIATELY:**

- **MASKS ON AT ALL TIMES** regardless of vaccination status.
- **PROOF OF VACCINATION** - please show your Vaccination Card or Excelsior Pass in person, via email, or upload it to your account upon booking.

Please remember that 5th Wall Studio - Williamsburg and Stone Mountain Farm - New Paltz are our home. That means we live here; please behave accordingly. If everyone follows them, we will all be able to train and fly safely.

- Masks must be worn at all times for partially vaccinated or un-vaccinated individuals.
- Aerial point renters cannot touch or change rigging at any time.
- No walk-ins will be permitted and no more than five people allowed in the Williamsburg space at a time.
- Everyone must be approved by 5th Wall staff and agree to take all new precautions related to Covid-19.
- **NO REFUNDS** will be provided to renters who are asked to leave for not following 5th Wall safety policies.
- It is preferred that renters bring their own apparatus. However, we can rent our lyra for an extra \$5/hour and our hammock/silks for an extra \$10/hour.

**5th Wall will not allow anyone to enter who:**

- Is sick or showing symptoms related to Covid-19.
- Has been in close contact with a known Covid-19 case within 14 days.
- Has a body temperature of 100.0°F or higher.
- Has not completed the COVID waiver.
- Is unaware of or unwilling to follow 5th Wall's safety protocols.
- Is not wearing a clean cloth mask.
- Has traveled from a hotspot in the last 14 days/been in close contact with someone who has traveled in last 14 days.

## **Zero Tolerance**

- Masks must be worn at all times for partially vaccinated or un-vaccinated individuals.
- Renters are responsible for their students' safety and health compliance during privates.
- We have zero tolerance for negligence: These are strict and serious safety protocols that must be fully adhered to every single visit. No exceptions.
- 5th Wall representatives have the right to ask you to leave if you are not following our new protocols. You will not get a refund or be able to make any future rentals.
- If you have questions or need clarification, please ask the 5th Wall representative at the studio.

## **Arrival (Williamsburg Studio)**

- Arrive no more than 10 mins before your rental time. You will not be permitted into the studio or building any earlier.
- All partially vaccinated or un-vaccinated renters and students must wear a clean, fitted face mask at all times.
- Only essential training items are permitted in the studio.
- No bikes, scooters etc are allowed in the hallway or studio.
- Any training items should be contained in a personal bag and only taken out when in use.
- Shoes and items not used for training must be placed in a cubby by the door.

## **Set Up**

- Ask a 5th Wall representative to walk you through the rigging if this is your first time or if you have any questions. A 5th Wall Studio representative will gladly rig for you, don't hesitate to ask.
- Please have a plastic bag for your trash so that you can take it out when you leave the studio.

## **Training**

- No shared chalk/rosin at any time. You must bring your own.
- You cannot use any of the studio's rollers, yoga blocks, straps etc. You must bring your own.
- You must be approved to use any tumbling mats. And you must wipe them down before leaving.
- You must sanitize the studio floor and mats when you are done.
- You must bring your own water bottle and refill in the bathroom (kitchen is off limits).
- All trash must be taken with you when you leave.

### **Bathrooms**

- Only one person is permitted in the bathroom at any time.
- Close the lid of the toilet before flushing to minimize droplet spray.
- You must wash your hands for at least 20 seconds after going to the bathroom as per CDC. We recommend singing the ABC song. 😊
- You must wipe down the sink and doorknob, and air spray after every use.

### **Breakdown**

- You must leave NO LATER than 15mins after your rental time. Please set an alarm so you have enough time to de-rig and sanitize the studio. Once again we have a No Tolerance Policy. Any lingering will prevent you from future rentals.
- Feel free to ask a 5th Wall Representative to help you to take down rigging.
- If you rented an apparatus, please do the required sanitation for it.
- Please spray and wipe down the marley, mats (if used), bathroom and cubby that held your belongings and any door handles you came in contact with.

### **Exiting**

- Please exit through the main entrance quickly and quietly. Our Williamsburg studio is an artist loft studio / residential building and we do not want to disturb our neighbors.
- After your session: collect your belongings, sanitize and leave promptly. Nothing can be left at the studio.
- Take your trash out with you. Trash cans at the studio are for those who live there and handling your trash puts us at risk.
- There is no lost and found: all left items will be discarded so please make sure you have everything.

We are so happy to be able provide a safe space for our New York Artists to train. We can only continue to as long as everyone follows these guidelines. We miss you all and can't wait to go back to group classes, showcases, and collaborative times. Till then stay safe!
